Muhammad Nazarov

Frontend Developer I Düsseldorf, Germany ✉ muhammadjon.nazarov98@gmail.com 🌐 www.mnazarov.com

Summary

Frontend Developer with 2 years of experience in React JS, JavaScript ES6, along with supplementary tools and libraries. Skilled in the development of collaborative, cross-browser, and responsive landing pages, admin panels, and websites. Proficient in translating UI/UX designs into high-quality code, and achieving optimal performance and user experience.

Experience

Frontend Developer   July 2022 – June 2023
Uzvip - Software Development Company I www.uzvip.com   *Tashkent, Uzbekistan*

- Built pixel-perfect and reusable UI components without compromising functionality for aesthetics.
- Created responsive Landing Pages, Dashboards, and Admin panels for Delivery service, online education platforms, and international cargo service companies.
- Collaborated with UX designers on one-to-one meetings to create and edit Figma designs, ensuring the final prototype meets both user needs and technical requirements.
- Worked in a cross-functional team of 10 professionals: frontend/backend, QA engineers, and designers, and participated in daily standup meetings to share updates and blockers.
- Technologies: Javascript, React, React Hooks, React-router, Redux, Redux-Saga, Material-UI, REST API, Postman, Styled-components, Click-Up, SASS, CSS, HTML, GitHub, Figma, etc.

Front End Developer Intern   February 2022 – July 2022
Shipox - Delivery Management System I www.shipox.com   *Tashkent, Uzbekistan*

- Worked on User-Interface migration from Material UI version 0.0 to version 4.0
- Designed and built customer-facing UI components to meet client needs based on the Figma design
- Fixed UI issues and implemented updates for UI components assigned by Backed developers and QA Engineers
- Recieved regular code reviews and constructive feedback from Senior Engineers to ensure achieving coding standards and best practices.
